## HD 1080P Wireless Pan & Tilt Camera

The HomeGuard HD 1080P Wireless Pan & Tilt Camera is a simple to use 1080P IP camera that can be conveniently positioned within the home (within wireless range of your internet router) and remotely controlled from your computer, tablet or SmartPhone. It features great picture quality, capturing video in full HD 1080P at 30 frames per second, includes a built-in microphone and speaker to allow you to listen and speak back to where the camera is located, a SD socket to capture video onto a SD card (up to 64GB, not included) and a wealth of other great features. If you want a simple surveillance product to protect your home or a discreet way to monitor (and listen/speak to) children, elderly relatives or pets wherever you are in the world, then this is the ideal solution for you.
